CONGRATULATIONS!

Our records indicate that you are projected to graduate from high school this year. Congratulations! For some time now you have probably been thinking about college. College is a wonderful next stage in life, but it can be expensive. Because you are a Beneficiary of a Texas Tuition Promise Fund® account, the state of Texas’ prepaid tuition program, some or all of your college tuition and schoolwide required fees have been taken care of in advance.

This handbook will help you better understand the Texas Tuition Promise Fund (the “Plan”). To get the maximum benefit from your prepaid tuition contract, we recommend that you read the handbook carefully and keep it handy. If you have any other questions, please call us at 800-445-GRAD (4723), Option #5, or submit an inquiry via email by visiting texastuitionpromisefund.com and clicking on Contact. You can also access this booklet, Texas Tuition Promise Fund forms and other Plan information on our website at texastuitionpromisefund.com. See page 15 of this handbook for information on establishing online access to view account information and for information the Purchaser needs to authorize use of Plan benefits each semester.

Again, congratulations on reaching this milestone in your life. We wish you much success in your future plans!

WHAT IS THE TEXAS TUITION PROMISE FUND®?

The Texas Tuition Promise Fund® (the “Plan”) is a prepaid tuition plan that allows a person to purchase one or more Tuition Units that may be applied to the payment of the Beneficiary’s undergraduate tuition and schoolwide required fees at an eligible educational institution. The Texas Prepaid Higher Education Tuition Board administers the Plan. NorthStar Financial Services Group, LLC is responsible for the day-to-day operation and marketing of the Plan and is referred to herein as the Plan Manager.

When the Beneficiary — that’s you — is ready for college, the Plan covers all or a portion of undergraduate tuition and schoolwide required fees at Texas public colleges and universities, excluding medical and dental institutions.

Tuition Units of any type can be used at any eligible Texas public college or university. The number of units required will be determined by the type of Tuition Units being redeemed, the college or university that you attend and the number of hours you are enrolled.

Tuition Units can be converted to the Transfer Value for use at eligible Texas medical and dental institutions, Texas private colleges and universities, out-of-state colleges and universities and career schools (see page 18). Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount.

Please note that although this handbook refers to the account as “your” account, the Purchaser is the legal owner of the account. The handbook uses the terms “account”, “contract” and “tuition units” interchangeably. The terms “schoolwide required fees” and “required fees” may also be used interchangeably. The terms “unit” and “Tuition Unit” are used interchangeably throughout the handbook.

WHAT IS A TUITION UNIT?

Tuition Units represent a fixed amount of undergraduate resident tuition and schoolwide required fees charged by Texas public colleges and universities, excluding medical and dental institutions. The number of units needed to cover tuition and schoolwide required fees varies widely depending on the school attended, but generally 100 units...
represent 30 semester credit hours, which is considered to be one academic year, at the Texas public college or university that most closely matches the pricing basis for the unit type.

THREE TUITION UNIT TYPES

The Plan has three levels of Tuition Units (“Tuition Unit Types”), and each Tuition Unit Type is assigned a different value.

- Type I Tuition Units are indexed to the cost of undergraduate resident tuition and schoolwide required fees at the most expensive Texas public four-year college or university, excluding medical and dental institutions. The value assigned to one Type I Tuition Unit is equal to 1 percent of the cost of undergraduate resident tuition and schoolwide required fees at the most expensive eligible Texas public four-year college or university. Therefore, 100 Type I Tuition Units would cover 30 semester credit hours of undergraduate resident tuition and schoolwide required fees at the most expensive eligible Texas public four-year college or university. Less expensive Texas public colleges and universities would require fewer than 100 Tuition Units for 30 semester credit hours.

- Type II Tuition Units are indexed to the weighted average cost of undergraduate resident tuition and schoolwide required fees of all Texas public four-year colleges and universities, excluding medical and dental institutions. The value assigned to one Type II Tuition Unit is equal to 1 percent of the weighted average cost of undergraduate resident tuition and schoolwide required fees at all eligible Texas public four-year colleges and universities. Therefore, 100 Type II Tuition Units would cover the average cost of undergraduate resident tuition and schoolwide required fees for 30 semester credit hours at an eligible Texas public four-year college. A particular school’s tuition and fees may be more or less than the weighted average, however, so for some schools, 100 Type II Tuition Units will be more than enough to cover tuition and schoolwide required fees for 30 semester credit hours, and in some cases, 100 Type II Tuition Units will not fully cover those costs.

- Type III Tuition Units are indexed to the weighted average cost of in-district tuition and schoolwide required fees of all Texas public two-year colleges (In-District). The value assigned to one Type III Tuition Unit is equal to 1 percent of the weighted average cost of in-district tuition and schoolwide required fees at all Texas public two-year junior and community colleges. Therefore, 100 Type III Tuition Units would cover the average in-district cost of tuition and schoolwide required fees for 30 semester credit hours at a two-year junior or community college. Again, a particular school’s in-district tuition and schoolwide required fees may be more or less than the average.
TUITION UNIT REDEMPTION VALUES

Tuition Units of any type can be used at any eligible Texas public two- or four-year college or university. But because each type has a different value, the number of Tuition Units required at a particular school will be different depending on the Tuition Unit Type used.

Tuition Unit redemption values are set annually on September 1 of each year and apply for the next 12 months. The values for the 2019-2020 academic year were:

**Type I = $147.80   Type II = $105.54   Type III = $26.84**

The values for the 2020-2021 academic year are estimated to be available in August 2020 at texastuitionpromisefund.com under Documents in the Academic Year Tuition Unit Pricing Schedule and Unit Value Redemption Guide.

TUITION AND SCHOOLWIDE REQUIRED FEES

Tuition Units can only be used to pay for undergraduate resident tuition and schoolwide required fees.

Schoolwide required fees are only those paid by all students at a college or university as a condition of enrollment, regardless of year, major or course of study. Depending on the school you attend, you may be required to pay fees that are not schoolwide required fees and are not covered by the Plan. Examples include course-related fees, such as lab fees; fees related to your major or year of study, such as freshman orientation or freshman advisor fees; optional fees; or deposits. Although your school might use the label “required fee,” a fee must meet the Plan’s definition of required fee to be covered by the Plan.

Tuition Units may not be used to pay for other college expenses, such as dormitory, living expenses, books, course-specific fees, fees that are not schoolwide, graduate school tuition or other optional fees.

JUNIOR COLLEGE — OUT-OF-DISTRICT TUITION

If you redeem Tuition Units at a public junior or community college, and you do not reside within the taxing jurisdiction of the college, you or your Purchaser will be responsible for paying the additional tuition and schoolwide required fees charged by the college to persons who do not reside within that taxing jurisdiction. You or the Purchaser can pay the additional amount by either the Purchaser redeeming more Tuition Units or by other funding methods.
WHEN ARE MY TUITION UNITS AVAILABLE FOR REDEMPTION?

In order to redeem Tuition Units, your account must meet the following requirements:

- Tuition Units must be paid in full
- Tuition Units must have met the three-year holding period
- Your account must have valid social security numbers for Purchaser and Beneficiary
- Your account cannot have reached the 10-year termination deadline
- Your account cannot have outstanding fees or charges

Installment and Lump Sum accounts must be paid in full prior to redemption of any Tuition Units purchased under those payment options.

There is a three-year holding period before Tuition Units can be redeemed. You may not use a Tuition Unit earlier than the third anniversary of the date the Tuition Unit was purchased. The purchase date is determined by the first payment due date for Tuition Units purchased under a Lump Sum, Installment or Pay-As-You-Go contract. For subsequent Pay-As-You-Go purchases, the purchase date is the payment receipt date.

You have up to 10 years after your projected date of high school graduation to use all Tuition Units under the Plan, otherwise your contract will automatically be canceled and any remaining Tuition Units will be refunded. Any years you spend on active duty in U.S. military service are added to the 10-year limit to extend the time period in which benefits can be used if you provide proof of that service to the Plan prior to the automatic 10-year termination deadline.

HOW MANY TUITION UNITS WILL I NEED TO REDEEM TO PAY MY TUITION AND SCHOOLWIDE REQUIRED FEES?

The number of Tuition Units you will need to pay your tuition and schoolwide required fees will depend on the cost of your particular school for the number of hours that you are enrolled and the type of Tuition Units you redeem. For the 2020-2021 academic year, those costs, as well as the redemption value for each Tuition Unit type, should be available in August 2020 at texastuitionpromisefund.com under Documents in the Academic Year Tuition Unit Pricing Schedule and Unit Value Redemption Guide (Guide). The Guide will include a schedule showing the cost of tuition and schoolwide required fees at each eligible Texas public college or university and how many units of each type will be required to cover those costs for 30 semester credit hours in the 2020-2021 academic year. A sample of the information included in the schedule, based on 2019-2020 numbers, is shown below:

*Number of Tuition Units required for 30 semester credit hour academic year.

If you were to do these calculations on your own, you would simply divide the amount of tuition and schoolwide required fees for your school by the redemption value for the Tuition Unit Type you have. For example, suppose your tuition and schoolwide required fees will be $5,000, you have Type I Tuition Units and, for the year you are redeeming the units, the redemption value for Type I Units is $147.80 per unit. $5,000 divided by $147.80 equals 33.83, so you will need 33.83 Type I Tuition Units. If your account has less than 33.83 units available, the Purchaser can redeem the available units and the balance can be paid out-of-pocket. To better understand how this works, we have included some examples below for a hypothetical student we will refer to as “Student.”

Please note that the examples use 2019-2020 academic year tuition and schoolwide required fee costs and Tuition Unit redemption values. When doing your calculations, be sure to use tuition costs and redemption values for the 2020-2021 academic year, which we expect to publish in August 2020.

2019 EXAMPLE – TYPE I TUITION UNITS:

It is August 2019 and Student is starting college at the University of Houston–College of Nursing. Student is planning to take 15 hours per semester for his freshman year. Student has 400 Type I Tuition Units.
Student checks the Academic Year Tuition Unit Pricing Schedule and Unit Value Redemption Guide (Guide) and sees on page 1 of the Guide that Type I Tuition Units have a redemption value of $147.80 per unit.

Student checks “Unit Redemption Values for 4-Year Schools” in the Guide and finds the University of Houston–College of Nursing. Under the “Type I” column, Student sees that he will need 100 Type I Tuition Units to cover his freshman year tuition and schoolwide required fees at that school. Student will have 300 Type I Tuition Units left over for future years.

In order to get a complete picture of costs, Student checks with the University of Houston–College of Nursing to see what fees Student will have to pay that are not covered by Tuition Units.

**2019 EXAMPLE – TYPE II TUITION UNITS:**

What if Student’s Tuition Units were Type II instead of Type I?

For the University of Houston–College of Nursing:

Student would need 140.04 Type II Tuition Units (70.02 in the Fall and 70.02 in the Spring).

Student would have 259.96 Type II Tuition Units left over for future years.

**2019 EXAMPLE – USING LESS TUITION UNITS THAN REQUIRED:**

What if Student does not have enough Tuition Units to completely cover all four years of college and only wants to redeem Tuition Units to cover part of Student’s freshman year? If Purchaser only redeems 100 Type II Tuition Units, how much will that cover?

Student sees on page 1 of the Guide that Type II Tuition Units have a redemption value of $105.54 per unit.

For the University of Houston–College of Nursing, the Guide shows that tuition and schoolwide required fees for 30 hours is $14,780.10 ($7,390.05 per semester). If Student uses 100 Type II Tuition Units (50 per semester), which have a redemption value of $105.54 per unit, the Tuition Units will cover $10,554.00 ($5,277.00 per semester).

The difference between the University of Houston–College of Nursing tuition and schoolwide required fees of $14,780.10 and the redemption value of Student’s 100 Type II Tuition Units of $10,554.00 is $4,226.10 ($2,113.05 per semester).

Student will have to pay the remaining $4,226.10 from another source, but the account will have 300 Type II Tuition Units left over for future years.
2019 EXAMPLE – TYPE III TUITION UNITS AND IN-DISTRICT STUDENT:

Student has 200 Type III Tuition Units and wants to attend Blinn College. Student lives in Washington County, which means Student lives in the taxing jurisdiction for Blinn College.

Student sees on page 1 of the Guide that Type III Tuition Units have a redemption value of $26.84 per unit. In-District Tuition for 30 hours at Blinn College is $3,810.00 ($1,905.00 per semester).

\[
\frac{3,810.00}{26.84} = 141.95 \text{ Tuition Units}
\]

If Student takes 30 hours (15 per semester), Student will need 141.95 Type III Tuition Units (70.98 per semester) to pay for tuition and schoolwide required fees.

REDEMPTION OF TUITION UNITS

Each year, Texas public two- and four-year colleges and universities (e.g., University of Texas – Austin, Texas A&M, Texas Tech, Austin Community College) are required to provide tuition and schoolwide required fee grids to the Plan reflecting costs by school (Engineering, Business, etc.) by number of hours enrolled (1 through maximum number of hours offered by the school). Those grids are the basis for determining how many Tuition Units you will need to redeem to pay your tuition and schoolwide required fees. The assigned value of your Tuition Unit Type (equal to the sales price for that type of unit in the year of redemption) is divided into the cost of tuition and schoolwide required fees at the school that you will be attending for the number of hours that you are enrolled to determine how many of your Tuition Units will have to be redeemed to pay those costs.

Eligible Texas public colleges and universities must accept the Tuition Units as payment in full for tuition and schoolwide required fees for the number of hours covered by the Plan. If you redeem Tuition Units at a public junior or community college, and you do not reside within the taxing jurisdiction of the college, the Purchaser must either redeem additional units to cover the difference or you or your Purchaser is responsible for paying the additional tuition and schoolwide required fees charged by the school to persons who do not reside within that taxing jurisdiction. See page 8 for more information if you are attending a public junior or community college and do not reside within the taxing jurisdiction of the college.

In order to avoid cancellation of classes, those costs not covered by the Plan should be paid by the Beneficiary or the Purchaser by the deadline set by the college or university.
HOW MUCH TUITION AND SCHOOLWIDE REQUIRED FEES* WOULD BE COVERED AT A TEXAS PUBLIC COLLEGE OR UNIVERSITY BY 100 TUITION UNITS?

(Assuming 30 semester credit hours)

* Tuition Units may be used to pay for undergraduate resident tuition and schoolwide required fees only. Schoolwide required fees are only those fees imposed on all students as a condition of enrollment. Please note that depending on the school you attend, you may be required to pay fees that are not schoolwide required fees and are not covered by the Plan. Examples include course-related fees, such as lab fees, fees related to your major or year of study, such as freshman orientation or freshman advisor fees, optional fees, graduate fees or deposits. Although your school might use the label "required fee," a fee must meet the Plan’s definition of required fee to be covered by the Plan. Tuition Units may not be used to pay for other college expenses, such as dormitory, living expenses or books. Tuition Units may not be used to pay for graduate school.
Please visit texastuitionpromisefund.com to view the most recent Tuition Unit redemption values included at the back of the Academic Year Tuition Unit Pricing Schedule and Unit Value Redemption Guide located under Documents.

**HOW DO I ESTABLISH ONLINE ACCOUNT ACCESS?**

The Purchaser and Beneficiary can both establish account access using their account number and social security number following these simple steps:

Go to our website at texastuitionpromisefund.com and click on “New User? Register Now” on the

Follow the instructions to:

- **Step 1.** Enter your account number
- **Step 2.** Enter your social security number
- **Step 3.** Click “Continue” to establish your password

**Note:** The account number can be found on the confirmation that the Purchaser received when the account was established, on the Purchaser’s annual statement or by calling us at 800-445-4723, Option #5.

Once the Purchaser and Beneficiary have established online account access, they can log into the account at any time (with the exception of downtimes related to outages or routine maintenance) to view information about the number and types of Tuition Units purchased, any amounts due and the number and types of units that have met the three-year holding period and are available for redemption.

**HOW DOES THE PURCHASER AUTHORIZE PAYMENT TO A TEXAS PUBLIC COLLEGE OR UNIVERSITY?**

**ONLY THE PURCHASER CAN AUTHORIZE PAYMENT (REDEMPTION OF TUITION UNITS).**

When the Beneficiary is ready to attend an eligible Texas public college or university, the Purchaser must authorize payment each semester by any of the following:

- Complete the Benefits Authorization online if account access has been established; or
- Complete, print, sign and submit the Benefits Authorization Form found at texastuitionpromisefund.com under Documents; or
- Contact customer service at 800-445-4723, Option #5, to request a copy of the form that the Purchaser will need to complete and submit.
1. To authorize payment online, the Purchaser must first establish account access and then can access the account at texastuitionpromisefund.com on the Login page. Once the Purchaser has logged into their account, select the BENEFITS INFORMATION tab.

2. From the BENEFITS INFORMATION page, click the following quick link

   Quick links you will need to manage your TTPF Benefits:
   - FAQs – Redeeming My Units
   - View, download or print the TTPF Student Handbook
   - Authorize payment of benefits to an In-State TX Public university or community college
   - Authorize Transfer Value for payment to a TX Private, Out-of-State or Career school (transfer value)
   - Calculate estimated payment to TX Private, Out-of-State or Career school (transfer value)
   - Calculate the Free Application for Federal Student Aid (FAFSA) value (what’s this?)

3. The Purchaser should complete the following steps to authorize use of benefits at the Texas public college or university the Beneficiary is attending, including identification of the school, the term (for instance Fall, Spring, Summer I or Summer II), the year (for instance 2020) and the student identification number provided on the billing from the school.

   (1) Select the school to which benefits are to be paid:

   School Name: Select School

   (2) Provide the term and academic year for which you are authorizing benefit payments for the above institution:

   Term: SPRING

   Year: 2021

   (3) Provide your Beneficiary’s Student Identification Number provided by the above institution:

   Student ID:

   (4) (This step is Optional) You may specify a limit for the number of Tuition Units to be redeemed for the Term and Year specified in step 2. If you do not specify a limit, the plan will use the number of units necessary to cover the tuition and required fee costs billed by the school for the semester you have authorized. If you opt to limit the units, please note that Tuition Units are not necessarily equivalent to semester hours (e.g., 12 Tuition Units may not cover the cost of 12 semester hours.)

   Authorized Units:

   (5) Verify your e-mail address:

   - Keep this e-mail
   - Change e-mail

   (6) Would you like your Beneficiary to receive e-mail confirmation of this authorization from TTPF?

   - Yes
   - No
4. Confirm the information entered

5. Print a copy of the confirmation for your records by clicking Print on the following screen

Please note that if you were awarded a matching scholarship or tuition grant by the Texas Match the Promise FoundationSM in grades five through nine, you should follow the instructions on page 25 for information on requesting approval to use the Scholarship Tuition Units.

The Purchaser MUST authorize payment each semester. Authorizations should be completed at least 30 days prior to the start of classes to ensure timely payment. You should notify the college or university you are attending that you will be using the Texas Tuition Promise Fund as payment for all or some of your tuition and schoolwide required fees. You should pay any amounts that will not be covered by the Texas Tuition Promise Fund prior to the payment deadline in order to avoid late fees assessed by the college or cancellation of your classes.
The Purchaser has the option of using all Tuition Units that are available at the time of Benefits Authorization for redemption up to the amount necessary to pay your tuition and schoolwide required fees for that semester or designating a specific number of the available Tuition Units to redeem that semester. The Purchaser can designate a specific number of available Tuition Units that is less than the total number of available units by indicating the desired limit in Section III of the Benefits Authorization Form. Designation of a Tuition Unit cap can also be entered through the online Benefits Authorization process. Once the Purchaser has completed the Benefits Authorization process, the information is made available electronically to the school.

The school will bill the Plan after the add/drop period. The Plan will issue payment directly to the school. The Plan will pay the school within 30 days of receiving a correct billing. Effective January 1, 2015, any refunds from the college or university of amounts paid by the Plan may be recontributed to your account within 60 days of the date of the refund check without being subject to taxes and the additional 10 percent federal tax penalty (for example, if the Beneficiary withdraws from the school and the school refunds a portion of the tuition and schoolwide required fees paid by the Plan, that amount may be recontributed to the account).

WHAT IF I GO TO A TEXAS MEDICAL OR DENTAL INSTITUTION, A TEXAS PRIVATE OR OUT-OF-STATE COLLEGE OR UNIVERSITY OR A CAREER SCHOOL?

If you attend an eligible Texas medical or dental institution, Texas private or out-of-state college or university or an eligible career school, you can apply the Transfer Value of your Tuition Units towards the cost of tuition and schoolwide required fees. Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount. Transfer Value does not include any state provided or procured matching contributions or any earnings on state provided or procured matching contributions, if applicable. Any outstanding fees imposed by the Plan would be subtracted from the total transferred amount.

Payment of the Transfer Value must be made by the Plan directly to an eligible Texas medical or dental institution, Texas private or out-of-state college or university or an eligible career school. The Plan can only pay up to the amount of undergraduate tuition and schoolwide required fees billed by the institution.

To calculate the estimated current Transfer Value of Tuition Units to be used or to request payment to a Texas medical or dental institution, Texas private or out-of-state college or university or a career school, the Purchaser can do the following:
• Sign into the account online at texastuitionpromisefund.com on the Login page;
• Calculate the current Transfer Value for a specific number of available Tuition Units; and
• Complete, print, sign and submit the Transfer Value Payment Authorization Form found at texastuitionpromisefund.com under Documents; or
• Contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your Tuition Units.

Please note that net investment earnings or losses continue to accrue until the day the Plan Manager processes your transfer request.

CAN I USE MY ACCOUNT FOR ONLINE OR CORRESPONDENCE COURSES, STUDY ABROAD OR CERTIFICATE COURSES/PROGRAMS OFFERED BY TEXAS PUBLIC COLLEGES AND UNIVERSITIES?

Many Texas public colleges and universities offer undergraduate courses to enrolled students through online or distance learning. In most cases, Tuition Units can be redeemed to pay for these courses the same way Tuition Units are redeemed to pay for on-campus courses.

Texas colleges offer a variety of certificate programs. Generally, Tuition Units can be redeemed to pay for undergraduate for-credit courses, including courses offered in certificate programs.

Texas junior colleges offer certain continuing education courses that are not for-credit courses. Tuition Units cannot be redeemed to pay directly for these courses. Your Purchaser can transfer the Transfer Value of your Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan®. Generally, the Purchaser can authorize distributions from the 529 college savings plan to pay for these types of courses. Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount.

The account may be used for study abroad programs if the student is enrolled in college credit courses that participate in the U.S. Department of Education’s Federal Financial Aid Program. If the study abroad program is sponsored by an eligible Texas public college or university, the Purchaser should submit payment authorization for that school and term. The school would then bill the Plan. If the school’s study abroad program is administered through a third-party vendor, the Purchaser can submit a Refund Request Form for a partial refund to cover the cost of the program. If the study abroad program is through a Texas medical or dental institution or Texas private or out-of-state college or university,
the Purchaser will need to submit a Transfer Value Payment Authorization Form along with a detailed statement from the college or university.

You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for more information about the Transfer Value of your Tuition Units. You can also find the Refund Request Form and Transfer Value Payment Authorization Form on the website under Documents.

CAN I USE THE PLAN FOR DUAL ENROLLMENT WHILE I AM STILL IN HIGH SCHOOL?

Yes. “Dual enrollment” is the term used for college credit courses taken while attending high school. If you are in high school, upon the Plan’s receipt of a written request from the Purchaser, your Tuition Units can be used to pay undergraduate tuition and schoolwide required fees at eligible Texas public two- and four-year colleges and universities.

If you take dual credit courses at an eligible Texas medical or dental institution, Texas private or out-of-state college or university or an eligible career school, you can apply the Transfer Value of your Tuition Units towards the cost of tuition and schoolwide required fees. Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount.

You can check online or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your account.

In order to redeem Tuition Units while you are still in high school, your account must have met the following requirements:

- Tuition Units must be paid in full
- Installment and Lump Sum accounts must be paid in full
- Tuition Units must have met the three-year holding period
- Your account must have valid social security numbers for the Purchaser and Beneficiary
- Your account cannot have reached the 10-year termination deadline
- Your account cannot have any outstanding fees or charges

It is important to note that using your Plan for dual enrollment while you are in high school will accelerate the 10-year termination deadline. The termination deadline is normally 10 years from your projected high school graduation date as determined based on the application form; however, if you use your Plan for dual enrollment, the projected high school graduation date will be amended to reflect the year in which you begin using your contract.
You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your Tuition Units. You can also find the Transfer Value Payment Authorization Form on the website under Documents.

**HOW LONG DO I HAVE TO USE MY TUITION UNITS?**

You have up to 10 years from your projected high school graduation date as determined based on the application form to use all Tuition Units under the contract, otherwise the account will automatically be canceled and any remaining Tuition Units will be refunded. Any years you spend on active duty in U.S. military service are added to the 10-year limit to extend the time period in which benefits can be used if you provide proof of that service to the Plan prior to the automatic 10-year termination deadline. Please see the information above about how the deadline will be impacted by dual enrollment.

**WHAT IF I DO NOT USE MY ACCOUNT (BECAUSE I DECIDE NOT TO GO TO COLLEGE, I RECEIVE A SCHOLARSHIP OR SOME OTHER REASON)?**

If, for some reason, the Beneficiary will not use all or any of the Tuition Units, the Purchaser of the account can:

- Change the Beneficiary of the account to a member of the family
- Request a refund
- Transfer Tuition Units to another qualified 529 college savings plan (see page 23)

**CHANGE OF BENEFICIARY**

The Purchaser can change the Beneficiary of an account in the Plan to a person who meets the residency requirement on the date of the change and who is a “member of the family” of the current Beneficiary. Members of the current Beneficiary’s family include the Beneficiary’s:

- spouse
- child, grandchild, great-grandchild, or their spouse
- sibling or step-sibling, or their spouse
- parent, grandparent, or their spouse
- spouse’s parent or sibling, or their spouse
- niece or nephew (a child of the Beneficiary’s sibling, but not a child of a brother- or sister-in-law), or their spouse
- aunt or uncle, or their spouse
- first cousin
For purposes of this definition, a legally adopted child of an individual shall be treated as the child of such individual by blood and a half-brother or half-sister is treated as a brother or sister. There are no fees for a change of Beneficiary and there are no penalties associated with a change of Beneficiary provided the change is in compliance with Section 529 of the Internal Revenue Code. However, a change of Beneficiary might have significant gift tax or generation-skipping transfer tax consequences. The Purchaser should consult with a tax advisor prior to changing the Beneficiary. The 10-year automatic termination deadline would apply to the new Beneficiary based on his or her projected high school graduation date at the time of the change.

For more detail on change of Beneficiary, see the Plan Description and Master Agreement available at texastuitionpromisefund.com under Documents. You can also find the Change of Beneficiary Form online at texastuitionpromisefund.com.

REFUNDS

A Purchaser may cancel or terminate a contract and apply for a refund, with refund amounts based on the circumstances of a cancellation or termination. The amount will be based on whether Tuition Units have met the three-year holding period requirement at the time a refund is requested or whether the Tuition Units expired upon reaching the 10-year termination deadline. The Purchaser may request up to two refunds in a 12-month period.

Reduced Refund Value. For Tuition Units that do not meet the three-year holding period requirement, the Purchaser may receive the Reduced Refund Value. Reduced Refund Value is limited to the lesser of (1) the price you paid for the unit, plus or minus net investment earnings or losses on that amount, and is net of any fees due and payable. This means the Reduced Refund Value will not include any positive net earnings but can be less than the purchase price if there have been periods of negative returns in the market. Reduced Refund Value does not include any benefit from a state-provided or procured matching contribution. Any outstanding fees imposed by the Plan would be subtracted from the total refund amount. Application fees will not be refunded.

Refund Value. For units held at least three years, the Purchaser will receive the Refund Value. The Refund Value is equal to the price paid for the unit plus or minus adjusted net investment earnings or losses on that amount. The earnings rate is set annually by the Board at a rate that is up to 2 percent less than the actual net earnings and is capped at 5 percent. The earnings portion, if any, is subject to the actuarial soundness of the Plan and is subject to federal income taxes plus a 10 percent federal tax as well as any state or local taxes that may apply. Refund Value does not include any benefit from a state-provided or procured matching contribution. Refund Value will not be less than Reduced
Refund Value. Any outstanding fees imposed by the Plan would be subtracted from the total refund amount. Application fees will not be refunded.

For more detail on limitations on refunds, see the Plan Description and Master Agreement available at texastuitionpromisefund.com under Documents. You can also find the Refund Request Form at texastuitionpromisefund.com.

(¹Refund Value will be limited to include only adjusted annual net earnings, including any negative earnings, that have accrued under the contract up until the date the contract has been terminated.)

---

TRANSFER TO ANOTHER INTERNAL REVENUE CODE SECTION 529 COLLEGE SAVINGS PLAN

A Purchaser may transfer or roll over all of the value of a contract to another Section 529 Plan sponsored by Texas or by another state or other authorized entity, in accordance with Internal Revenue Code Section 529, to be used to pay expenses not covered by the Texas Tuition Promise Fund, such as room and board, course-specific fees, fees related to major or year of study, graduate school tuition, books and computer equipment. The value of the contract at the time of a direct rollover/transfer is the Transfer Value. Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount. Transfer Value does not include any state provided or procured matching contributions or any earnings on state provided or procured matching contributions, if applicable. Any outstanding fees imposed by the Plan would be subtracted from the total transferred amount.
To apply for a direct rollover/transfer, the Purchaser must complete and submit any required forms at least 30 days prior to the effective date of the rollover/transfer. Upon request by the Plan Manager, the Purchaser must provide any additional information necessary to complete the rollover/transfer. While rollovers and transfers may often be achieved without imposition of federal income tax or the additional 10 percent federal tax, they can in some cases have substantial income tax or transfer tax consequences. Please see the Plan Description and Master Agreement available at texastuitionpromisefund.com under Documents for information on the tax treatment and implications of rollovers and transfers.

TRANSFER TO A 529A ACHIEVING A BETTER LIFE EXPERIENCE (ABLE) PROGRAM

A Purchaser may transfer or roll over all or part of the value of a contract to a Section 529A ABLE program sponsored by the state of Texas or by another state provided certain conditions are met before January 1, 2026, to provide secure funding for qualified disability expenses on behalf of eligible beneficiaries with disabilities. The Beneficiary of the ABLE account must be the same Beneficiary or a member of the family of the Beneficiary of the Texas Tuition Promise Fund account (as defined by Internal Revenue Code Section 529) who meets eligibility requirements of the ABLE program. Also the ABLE account must receive the rollover within 60 days of the Texas Tuition Promise Fund account distribution. The value of the contract at the time of a direct rollover/transfer is the Transfer Value. Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount. Transfer Value does not include any state provided or procured matching contributions or any earnings on state provided or procured matching contributions, if applicable. Any outstanding fees imposed by the Plan would be subtracted from the total transferred amount.

ABLE accounts are currently limited to $15,000 per year in annual contributions from all sources unless the able-to-work provision of the 2017 Tax Cuts and Jobs Act applies. You should check the status of the ABLE account balance before transferring or rolling over any amounts from your Texas Tuition Promise Fund account so that you do not exceed the allowable ABLE contributions for the year. To apply for a direct rollover/transfer, the Purchaser must complete and submit any required forms at least 30 days prior to the effective date of the rollover/transfer. Upon request by the Plan Manager, the Purchaser must provide any additional information necessary to complete the rollover/transfer. While rollovers and transfers may often be achieved without imposition of federal income tax
or the additional 10 percent federal tax, they can in some cases have substantial income tax or transfer tax consequences. Please see the Plan Description and Master Agreement available at texastuitionpromisefund.com under Documents for information on the tax treatment and implications of rollovers and transfers.

MARKET RISKS ASSOCIATED WITH REFUNDS AND ROLLOVERS/TRANSFERS

If a refund or rollover/transfer is requested, the amount of a refund or rollover may be affected by the Plan’s net investment returns (gains or losses). The Refund Value or Transfer Value can be less than the purchase price if there have been periods of negative net returns on the Plan’s investments. There is no guarantee that all of the payments made to a contract will be refunded if there have been periods of negative net returns on the Plan’s investments.

TEXAS MATCH THE PROMISE FOUNDATION℠

If you were awarded a matching scholarship or tuition grant by the Texas Match the Promise Foundation℠, certain actions taken by your Purchaser regarding the account could result in forfeiture of the Scholarship Tuition Units. Actions that could impact the award include change of Beneficiary, cancellation, refund or downgrade to fewer or a less expensive type of Tuition Units.

To redeem Scholarship Tuition Units awarded by the Texas Match the Promise Foundation, the Purchaser of your account (which is linked to the scholarship account) must submit an Approval Request to Use Scholarship Tuition Units to the Foundation. The approval request can be found at texastuitionpromisefund.com under Documents or at MatchThePromise.org under the Quick Link “How It Works.”

Scholarship Tuition Units awarded by the Texas Match the Promise Foundation can be applied towards the cost of undergraduate resident tuition and schoolwide required fees ONLY at eligible Texas public colleges and universities. Scholarship Tuition Units awarded by the Foundation cannot be used at Texas medical or dental institutions, Texas private or out-of-state colleges or universities or career schools.

To the extent possible, available Tuition Units in your account should be used before Scholarship Tuition Units awarded by the Foundation. You can find more information about the Foundation and Scholarship Tuition Units at MatchThePromise.org. If you have any questions, please contact us at 800-531-5441, ext. 3-8852.
WHAT IF I RECEIVE A SCHOLARSHIP?

If you receive a scholarship, the Purchaser can:

- Keep your unused Tuition Units for later use.
- Change the Beneficiary of your contract to a member of the current Beneficiary’s family who meets the residency requirement on the date of change. See Change of Beneficiary on page 21 and consult your tax advisor to determine whether such a change creates a taxable gift or other adverse tax consequences for the Purchaser or Beneficiary.
- Transfer the Transfer Value of unused Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan, so that the money can be used for qualified higher education expenses under Section 529 of the Internal Revenue Code, such as K-12 tuition expenses (up to $10,000 per year per Beneficiary), repayments of principal and interest on qualified student loans and certain expenses required for registered apprenticeship programs. See Can I Use the Plan for Graduate School, Can I Use the Plan for K-12, Can I Use the Plan for Apprenticeship Programs, and Can I Use the Plan for Student Loans on pages 27-28. (Please see IRS Publication 970 and the Texas College Savings Plan® Plan Description for details.)
- Transfer the Transfer Value up to $15,000 to an ABLE account. See your ABLE Program Description for other conditions and limitations. See Transfer to a 529A Achieving a Better Life Experience (ABLE) Program on page 24.
- Request a Refund of the Refund Value. Refunds made due to a documented scholarship receive the Refund Value, even if they do not meet the three-year holding period requirement. Refunds made due to scholarships can still be subject to federal income tax, but are exempt from the 10 percent federal tax penalty (to the extent the refund does not exceed the amount of the scholarship). Purchasers should retain documentation of the scholarship and education expenses for tax purposes.

The Purchaser may request a scholarship refund by submitting a completed Refund Request Form that can be found on our website under the Forms section at texastuitionpromisefund.com under Documents.

The Refund Value is equal to the price paid for the unit plus or minus adjusted net investment earnings or losses on that amount. The earnings rate is set annually by the Board at a rate that is up to 2 percent less than the actual net earnings and is capped at 5 percent. The earnings portion of a Refund, if any, is subject to the actuarial soundness of the Plan and is subject to federal income taxes plus a 10 percent federal tax as well as any state or local taxes that may apply. Refund Value does not include any benefit from a state provided or procured matching contribution. Refund Value will not be less than Reduced
Refund Value. Any outstanding fees imposed by the Plan would be subtracted from the total refund amount. Application fees will not be refunded.

**CAN I USE THE PLAN FOR GRADUATE SCHOOL?**

No. Your account cannot be used for graduate school. However, the Purchaser can transfer the Transfer Value (Transfer Outside of Plan) of your Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan®, and the proceeds can be used to pay for expenses not covered by the Texas Tuition Promise Fund, such as fees that are not schoolwide required fees, books, room and board or graduate school tuition. The Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount.

You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your account.

**CAN I USE THE PLAN FOR K-12?**

The Purchaser can transfer the Transfer Value (Transfer Outside of Plan) of your Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan®, and the proceeds can be used to pay for tuition in connection with enrollment or attendance at an elementary or secondary public, private or religious school as determined under applicable state law (up to $10,000 per year per Beneficiary). The Transfer Value (Transfer Outside of Plan) is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount. Please note that the $10,000 limitation applies on a per-student basis, rather than a per-account basis, regardless of whether the funds are distributed from multiple 529 accounts.

You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your account.

**CAN I USE THE PLAN FOR APPRENTICESHIP PROGRAMS?**

The Purchaser can transfer the Transfer Value (Transfer Outside of Plan) of your Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan®, and the proceeds can be used to pay for fees, books, supplies and equipment required for the participation of a Beneficiary in a registered apprenticeship program. In order to qualify as a registered apprenticeship program, the program must be registered and certified with
the Secretary of Labor under Section 1 of the National Apprenticeship Act. The Transfer Value is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount.

You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your account.

CAN I USE THE PLAN TO PAY STUDENT LOANS?

The Purchaser can transfer the Transfer Value (Transfer Outside of Plan) of your Tuition Units to a qualified 529 college savings plan, such as the Texas College Savings Plan®, and the proceeds can be used to pay up to $10,000 in amounts paid as principal or interest on qualified student loans of the Beneficiary and/or their sibling. A qualified student loan means a qualified education loan under Section 221(d) of the Internal Revenue Code. The Transfer Value is limited to the lesser of (1) the costs the Tuition Unit would cover at a Texas public college or university or (2) the original purchase price of the Tuition Unit plus or minus the Plan’s net investment earnings or losses on that amount. Please note that the $10,000 limitation applies on a per-student basis, rather than a per-account basis, with a lifetime limit of up to $10,000 per Beneficiary regardless of whether the funds are distributed from multiple 529 accounts.

You can check online at texastuitionpromisefund.com or contact customer service at 800-445-4723, Option #5, for information about the Transfer Value of your account.

HOW DOES HAVING A TEXAS TUITION PROMISE FUND ACCOUNT AFFECT FINANCIAL AID?

Whether your account will affect your eligibility for federal financial aid depends on who the Purchaser is and your relationship to the Purchaser. Also, laws related to federal student aid change frequently. You should check the latest information on the Department of Education’s website at fafsa.com to see how you should report your account on your Free Application for Federal Student Aid (FAFSA).

For Texas state-funded financial aid, the value of your Tuition Units will not be considered an asset, income or resource in determining eligibility.

For school-based financial aid, the effect of being a Purchaser or Beneficiary of an account varies from institution to institution.
ARE THE DISTRIBUTIONS FROM MY ACCOUNT TAXABLE?

Qualified withdrawals are not subject to federal income tax. If you withdraw more than your adjusted qualified higher education expenses for any tax year or use a refund for anything other than qualified higher education expenses (a nonqualified withdrawal), a portion of the nonqualified withdrawal may be subject to federal and, if applicable, state income tax, and may be subject to an additional 10 percent federal tax. If a nonqualified withdrawal was distributed to your school for your benefit, you will be responsible for the tax. Distributions will be reported to the Internal Revenue Service (IRS) on Form 1099Q as follows:

<table>
<thead>
<tr>
<th>IRS FORM 1099Q TYPE OF DISTRIBUTION</th>
<th>TAXABLE PARTY</th>
</tr>
</thead>
<tbody>
<tr>
<td>Payments to Colleges and Universities</td>
<td>Beneficiary</td>
</tr>
<tr>
<td>Scholarship Refund</td>
<td>Purchaser</td>
</tr>
<tr>
<td>Voluntary Cancellation Refund</td>
<td>Purchaser</td>
</tr>
<tr>
<td>Involuntary Cancellation Refund</td>
<td>Purchaser</td>
</tr>
</tbody>
</table>

Generally, withdrawals due to the Beneficiary’s death, disability, receipt of a scholarship (to the extent the withdrawal does not exceed the scholarship amount), attendance at a U.S. Military Academy or use of Education Tax Credits are not subject to the additional 10 percent federal tax. Purchasers are advised to keep documentation of expenses for tax purposes and to review IRS Publication 970 with their tax advisors.

For more details, please see the Plan Description and Master Agreement available at texastuitionpromisefund.com under Documents.

WILL I RECEIVE ANNUAL STATEMENTS OF MY ACCOUNT ACTIVITY?

Quarterly and annual statements will be provided to Purchasers to reflect contract activity. A Purchaser may also view contract activity by accessing their account at texastuitionpromisefund.com on the Login page. A Purchaser has 60 days from receipt of a quarterly or annual statement to notify the Plan Manager of any errors.

Protecting Your Contract. The Plan uses reasonable procedures to confirm that transaction requests are genuine. The Purchaser may be responsible for losses resulting from fraudulent or unauthorized instructions received by the Plan Manager provided the Plan Manager reasonably believes the instructions were genuine. To safeguard your contract, please keep your contract information confidential. Contact the Plan Manager immediately if you believe there is a discrepancy between a transaction you performed and the confirmation or annual statement your Purchaser received, or if you believe someone has obtained unauthorized access to your contract.

OTHER QUESTIONS?

For more information, contact the Texas Tuition Promise Fund at
800-445-GRAD (4723), Option #5
or access your account information by visiting texastuitionpromisefund.com

We can also be reached by mail at:
P.O. Box 44305
Jacksonville, FL 32231-4305
Only the Purchaser may direct rollovers, contract changes, withdrawals and changes in the designated Beneficiary.

Participation in the Texas Tuition Promise Fund® does not guaranty admission to any college or university.

The Texas Tuition Promise Fund is established and maintained by the Texas Prepaid Higher Education Tuition Board. NorthStar Financial Services Group, LLC, is the Plan Manager. Non-residents of Texas should consider whether their home state, or the Beneficiary’s home state, offers its residents any state tax or other state benefits, such as financial aid, scholarship funds and protection from creditors that are only available for participants in that state’s 529 plan. The contracts are not deposits or other obligations of any depository institution. Neither a contract nor any return paid with a refund is insured or guaranteed by the FDIC, the state of Texas, the Texas Prepaid Higher Education Tuition Board, any other state or federal governmental agency or NorthStar Financial Services Group, LLC or its affiliates. The contracts have not been registered with the U.S. Securities and Exchange Commission or with any state.

Purchasers should carefully consider the risks, administrative fees, service and other charges and expenses associated with the contracts, including plan termination and decreased transfer or refund value. The Plan Description and Master Agreement contains this and other information about the Plan, and may be obtained by visiting texas tuition promise fund.com or calling 800-445-GRAD (4723), Option #5. Purchasers should read these documents carefully before purchasing a contract.
